### **3-D Architecture Postcard Sketches**

#### **IMPORTANT VOCABULARY WORDS:**

Relief sculpture- a sculpted image or design whose flat background surface is carved away to a certain depth.

High relief and Low (bas) relief- depending upon the extent of image's projection from the background.

Sunken relief- when an image is molded below the original surface or the background.

Subtractive relief- carving into the piece, taking away the surface.

Additive relief- adding to the sculpture; adding coils, shapes, etc.

Realistic- art that shows a recognizable subject with lifelike colors, textures, shadows, and proportions.

Stylized- art that shows a representation of a subject, lines, colors, shadows, and proportions are not realistic

Geometric- mechanical looking shapes or forms, including circles, squares, rectangles, triangles, etc.

Organic- shapes having a quality that resembles living things, usually free-formed and have no hard angles.

Watercolor- a transparent paint made by mixing powdered colors with a binder and water. The term also means artwork done with this paint. Paint can be used transparently and creates washes easily.

Wash- a very thin coat of paint. It is also a color than has been thinned with water or turpentine. When it is brushed on to a surface, the surface beneath (canvas, paper, wood) can still be seen.

Complimentary Colors- color that are opposite on the color wheel.

Tone- a color with its complimentary color added (i.e. violet with yellow added).

Acrylic- a paint which uses liquid acrylic plastic to hold the color or pigments together. It is similar to oil paint but acrylic paint can dissolve in water.

Stain- a tinted paint (i.e. brown added to a clear acrylic) added to a surface to create make values and texture more intense.

**SKETCHING DIRECTIONS:** Complete at least 2 or more sketches of possible architecture tiles. Use images and reproductions of architecture to create unique designs. Include lettering, borders, environment, etc. You can work in a horizontal or vertical layout. Choose the one you wish to complete and color one using colored pencil. Please do not draw on the back. (Sketches worth 10 points each, 5 points for coloring one.)

#### **THINGS TO INCLUDE IN MY SKETCHES ARE:**

| <b>ARCHITECTURE</b>  | <b>ENVIRONMENT:</b>   | <b>LETTERING:</b>  |
|--|---|--|
| <ul style="list-style-type: none"> <li>● Should be the main focus of the tile</li> <li>● Take up a majority of the space.</li> <li>● Should be realistic or stylized.</li> </ul> | <ul style="list-style-type: none"> <li>● Can incorporate environment (i.e. rocks, trees, waves).</li> <li>● Can be patterns, shapes, stamped, raised edges, relief, etc.</li> </ul> | <ul style="list-style-type: none"> <li>● Incorporate lettering.</li> <li>● Use the city, architecture, country, etc. for word.</li> <li>● Use stamping or detailed carving.</li> <li>● Use a lettering or font style.</li> </ul> |
